AURA & CHAKRA ALIGNMENT REPORT

Client: Leo Mathews

Report created by: Healer Nishant

Analysis Date: 17/02/1980

A Note from AuraEye™

Dear Leo Mathews,

This personalized AuraEye™ report has been thoughtfully prepared for you by your Licensed Healer, vidhusee. Anytime you wish to connect with them you can reach out on their contact information provided separately.

This report reflects the current state of your energetic field — a living snapshot of your emotions, thoughts, and vibrational balance in this moment.

Please remember: this report is not a medical or psychological diagnosis. Instead, it is a tool for self-awareness, empowerment, and energetic guidance — designed to help you understand where your energy flows freely and where it seeks harmony.

Your aura changes—just like your ECG, EEG, or pulse rate—because it reflects your living energy in real time. That's precisely what makes it reliable and empowering: it shows your current state and reminds you that your energy, like your health, can be improved and transformed with awareness.

Use these insights & the guidance of your healer to support your healing journey, strengthen your intuition, and make conscious choices that align your body, mind, and soul.

With light and awareness,

Team AuraEye™

"Your Energy, Made Visible."

COMPREHENSIVE DETAILED ANALYSIS

ANALYSIS TAB - Aura Photo Analysis

Detected Aura Colors:

The colored energy field visible around you in your specialized aura photograph reveals your spiritual signature:

Dominant Aura (Thinking Colour): Red

POSITIVE Root chakra kundalini activation flowing with primal life force energy that empowers your physical vitality and natural leadership magnetism. This fundamental frequency channels courageous action and manifestation power through your earthly presence | Meaning: Healing & Vitality

Root chakra imbalance manifesting through survival fears and aggressive tendencies that create blood pressure issues and adrenal exhaustion. This overactive frequency can lead to destructive anger patterns and inability to ground spiritual energy properly.

Personality Color: Purple

POSITIVE Higher crown chakra transformation integrating spiritual wisdom with earthly experience creating authentic spiritual authority. This royal frequency balances mystical insight with practical application. | Meaning: Transformation & Mystery

Higher crown chakra disconnection creating spiritual arrogance and ego inflation while manifesting neurological imbalances and severe mental health struggles. This distorted frequency prevents authentic spiritual growth through dangerous disconnection from physical reality and shadow integration work.

Aura Size:

Energy Level: 5/10 - Steady energy
